

## **INFORMATION LEAFLET**

### **about the International competition of scientific works for students**

### **"Agricultural sciences and food"**

With the informational support of the State Scientific Institution "Institute of Education Content Modernization" of the Ministry of Education and Science of Ukraine (letter dated 26.08.2020 N 22.1 / 10-1686) on the basis of Mykolaiv National Agrarian University (hereinafter - MNAU) in the 2020/2021 academic year to pass the International competition scientific works for students on different specialties of the field of knowledge "Agricultural sciences and food".

The founder of the Competition is the Mykolayiv National Agrarian University of the Ministry of Education and Science of Ukraine (hereinafter - MNAU). The coorganizers of the Competition are Opole University (Republic of Poland), Charles Darwin University (Australia), University of Banja Luka (Bosnia and Herzegovina), Grodno State Agrarian University, Educational institution «Belarusian State Agrarian Technical University» (Republic of Belarus), Indian Institute of Technology (India), Kostanay University of Engineering and Economics named after M. Dulatov, Toraigyrov University (Republic of Kazakhstan), Tashkent State Agrarian University (Republic of Uzbekistan), and State Agrarian University of Moldova (Republic of Moldova).

The purpose of the competition is to integrate Ukraine into the world educational space, expand international ties, identify and support the most talented students, form a creative generation of scientifically active youth in agricultural science, competitive in the international labor market.

#### **The competition is held in the following specialties:**

- **"Agronomy",**
- **"Technology of production and processing of livestock products",**
- **"Agroengineering".**

The Competition is open to up to **five scientific papers in each specialty from one university.**

*The Competition is open to Ukrainian universities and foreign partner universities.*

**The competition is held in two rounds:**

- **first - September 2020-March 2021;**
- **second - April-June 2021 at MNAU.**

The first round of the Competition is held in a higher education institution in order to select the best scientific papers for participation in the second round of the Competition.

The deadline for submission of papers for the second round of the Competition is **April 1, 2021**.

Summarizing the results of the competition will take place during scientific and practical online conferences according to specialties from **07 to 11 June 2021**.

The competition paper must meet the requirements of the Regulations on the International competition of student research papers on certain specialties of the field of knowledge "Agricultural Sciences and Food" (see electronic version <http://konkurs.mnau.edu.ua>).

The competition is open to students scientific papers (not more than two authors and two supervisors), which are relevant, innovative or exploratory in nature within a particular specialty.

In the first round of the Competition the work is performed in national and English languages. For the second round of the Competition, the work and information about the author (-s) and supervisor (-s) are submitted in English.

Competition papers must be registered on the website of MNAU in the appropriate section of a particular specialty.

Phones for inquiries: (+38097) 715 1902, (+38099) 700 1452 Antonina Panfilova.
